

## EPDM - WRAS Approved

| <b>Specification Sheet</b> |                       |
|----------------------------|-----------------------|
| Elastomer                  | EPDM                  |
| Colour                     | Black                 |
| Quality                    | WRAS APPROVED 1406512 |
| Grade                      | E78                   |
| Hardness                   | 70 SHORE A            |
| S.G.                       | 1.87G/CM <sup>3</sup> |
| Tensile MPa                | 11                    |
| Elongation                 | 250%                  |
| Tear Strength              | 27                    |
| Compression Set            | 15%                   |
| Abrasion Resistance        | -                     |
| Operating Temperature      | -40° /+120° C         |

### Quality Assured Products with Full Traceability

Care should be taken in selecting the most suitable quality for each application. Advice is available but final responsibility remains with the customer.
